

Please pray for Honduras and the World Vision Honduras staff. Nadia Castro, World Vision Honduras, provided this list of request (February 12, 2022).

Hope for Honduras prayer requests:

- Pray for each community Pastor and their family, that the Lord may give them strength to continue to lead. And pray that they will be able to continue to provide safe spaces for the Peace Clubs to meet.
- Pray for World Vision Staff, for their safety, and that the Lord will keep each one of us safe and healthy.
- Pray to keep reaching the most vulnerable children and their family, also so their hearts can change and have better attitudes.
- Pray that violence will slow down in the neighborhoods where we work with the most vulnerable families, so children can have peace in their own homes.

World Vision Honduras National Office prayer requests:

- Pray for the education system to restart school for all our children, assuring and taking the necessary measures for a safe back-to-school experience.
- Pray for Honduras to have a peaceful government transition, that the new government is able to bring peace and support for Honduras.
- Pray for our staff to be safe and healthy so we can continue to actively serve the most vulnerable families across Honduras.
